X-KEY

X-Key is a powerful security tool for your privacy and personal information protection.

It is designed to safeguard your data from unauthorised access, accidental deletion and intentional damage. X-Key can protect your confidential folders in stealth mode, so others cannot discover them on your computer. This tool can also be used to protect access to your computer with its secure login and PC-Lock functionalities.

X-Key is the key to keep your peace-of-mind.

Asia Pacific Super Excellent Brand
2006/2007
